Intermediate  
69%
- **Vivekanand inter college** 2017  
Highschool  
72.5%

## Skills

---

- Language : Java, DSA, JavaScript, HTML & CSS
- Library : React js
- Framework : Expressjs, Nodejs, Tailwind css, Bootstrap,
- Tool : Git/GitHub, MongoDB, MongoDB Atls, Firebase, Postman, Cloudinary

## Projects

---

- **Quiz webapp**  
A quiz app using React.js. After attempting it, user will receive score with count correct and wrong answers
- **ImageGallery**  
A social media platform using the MERN stack. It uses local storage for storing tokens. In the Image Gallery, users can send their own images and messages to the admin, delete their own posts, view their profile, and update their profile.
- **News Application**  
A news platform for top headlines using React.js and CSS for the frontend, and the News API for displaying the latest top headlines..
- **Users Authentication**  
A user authentication platform where users can view their own details. Tokens are stored using cookies, and the platform is built using the MERN stack.
- **Airbnb(Booking restaurant)**  
A restaurant booking platform (Airbnb clone) where users can list rooms and hotels for sale, and others can book rooms at their desired locations. Built using the MERN stack.
